

DoD CAF Consolidation & Transition

On 27 January 2013, all CAFs fully migrated to the DoD CAF. DISCO employees that remained with DSS formed the new PSMO-I to continue providing NISP oversight to Industry contractors.

Note: DoD CAF Consolidation does not include: DIA, NGA, NRO, NSA and DOHA-Hearing & Appeals

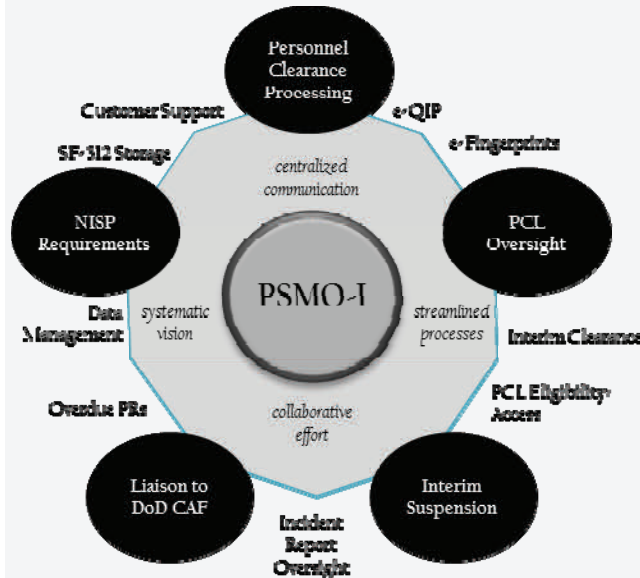

The following will remain the same:

- ◆ DSS remains the voice of Industry and committed to transparency
- ◆ DSS/Industry Working Group will continue to meet monthly
- ◆ DoD Security Services (Call) Center will continue to provide user support for ISFD, STEPP, industry e-QIP, industrial facility and Industry personnel security clearance inquiries
- ◆ SON/SOI for e-QIP submission

What's Hot

- ◆ The DMDC Contact Center launched on 1 June 2013
 - * The **Contact Center** will handle JPAS, SWFT, non-Industry e-QIP, DCII and general/personnel security inquiries
- ◆ **eFingerprinting** deadline is December 2013
 - * DSS will no longer provide FD-258 cards
 - * Visit DSS website for information on how to obtain FD-258 cards in the future
- ◆ SF-312 NDA submissions
 - * Fax completed forms to: (301) 833-3942

PSMO-I Duties and Functions

Top e-QIP Reject Reason

PSMO-I	OPM
◆ Missing social security number of spouse or adult co-habitant	◆ Fingerprint card not submitted within required timeframe (14 days)

Frequently Asked eFP Question

Q: When should we submit the electronic fingerprint file through SWFT?

A: It is recommended that the electronic fingerprint file be submitted through SWFT immediately after the e-QIP has been released to the PSMO-I.

eFingerprint Mandate

On 29 July 2010, USD/I passed down a mandate requiring DoD to submit all fingerprints electronically by December 2013. DSS has created and communicated 5 options to achieve compliance by the deadline. (See <http://www.dss.mil/documents/disco/electronic-fingerprint-capture.pdf>)

eFP Option 1

SCENARIO

- ◆ Company purchase eFP capture/hardcopy scanners to submit fingerprints electronically to SWFT
- ◆ Refer to the FBI-certified product located on the FBI-Product List

eFP Option 2

SCENARIO

- ◆ Multiple companies share the cost of purchasing eFP capture/hardcopy scan devices
- ◆ If Company A submits on behalf of Company B, that owning/servicing Facility Security Officer (FSO) does not have to be involved in the actual submission of the fingerprints to SWFT

eFP Option 3

SCENARIO

- ◆ Allows cleared companies to provide service to other companies in submitting eFPs to SWFT
- ◆ Companies may use their CAGE Code to submit fingerprint files on behalf of other companies
- ◆ Multi-Company CAGE Uploader: Cleared companies interested in submitting on behalf of other companies should refer to the SWFT Access, Registration, and Testing Procedures

NOTE

- ◆ Companies are strongly encouraged to enter into a service level agreement to address handling/protection of PII data

eFP Option 4

SCENARIO

- ◆ Vendor that is an FBI approved channeler collects eFPs, saves file in the required format per SWFT, OPM and FBI standards
- ◆ Owning/servicing FSO uploads file to SWFT

NOTE

- ◆ Vendor must confirm equipment has been registered w/ SWFT prior to processing NISP applicants
- ◆ DSS does not endorse a particular product or service
- ◆ Companies are strongly encouraged to enter into a service level agreement to address handling/protection of PII data

eFP Option 5

SCENARIO

- ◆ Industry partners with military services and OGAs in the NISP for eFP submissions

NOTE

- ◆ DSS SOI/SON and IPAC are necessary when using this option

eFP Implementation at a Glance

Step 1

- ◆ Research eFP options
 - * Start with the eFP Implementation Guide
 - * Shop around for eFP vendors

Step 2

- ◆ Identify the options that best meet your company's needs based on volume and cost

Step 3

- ◆ Register for a FREE SWFT account by visiting DMDC-SWFT Homepage

Step 4

- ◆ Negotiate SLAs with vendor and/or other companies with whom services will be shared

Step 5

- ◆ Finalize logistics for your company and other companies with whom services will be shared

Step 6

- ◆ Implement eFP solution
- ◆ Realize the benefits!!
