Important Information - EPSQ Data Mailbox at <mailto:epsq20@epsq.dss.mil>

DSS experienced some technical difficulties with the EPSQ Data Mailbox beginning late
in the day on Monday, October 1st. We believe the problem was resolved as of 9:00am
ET on Tuesday, October 2. A relatively small number of customers were receiving return
messages from the mailbox noting that their submission(s) was undeliverable and/or that
the mailbox was unavailable. If you received any returned messages during this period
you may need to resend the submission(s). Please check for an EPSQ Receipt at
<https://sclient.dss.mil/cgi-bin/epsq/receipts/receipts.pl> to verify that DSS received your
submission(s).

If you did not receive a return message and you receive an EPSQ Receipt (Check for
these at <https://sclient.dss.mil/cgi-bin/epsq/receipts/receipts.pl>) this means that DSS DID
receive your transmission.

We appreciate your patience.

EPSQ Project Office
